На № _____ від _____. 2022

The Administration of Bukovinian State Medical University informs You that situation in Chernivtsi and western Ukraine, in particular, remains safe, and the university continues to provide qualified educational services and accepts applications for admission 2022-2023 academic year. In accordance with the Ministry of Education and science of Ukraine educational process can be conducted online or offline mode, depending on the situation.

We also inform you about the possibility of distance admission, online entrance exams and studying at Bukovinian State Medical University in accordance with the current legislation of Ukraine and the approved changes to the Procedure for admission to higher education in 2022. All the necessary information about online admission and training can be viewed on the official website of the University <https://www.bsmu.edu.ua/en/main/>. In case of additional questions, you can contact our Department of International Relations at inter@bsmu.edu.ua.

Our mission is to ensure that the studying year will be both — highly-qualified and safe.

**Acting Rector
of higher educational
establishment**

Oksana ANDRIIETS
